OVERVIEW

Inspired by the virtuous cause of education and philanthropic zeal, GGI joined hands to further their dreams of serving the society, to meet the challenges of a global society while retaining their traditional values. GGI is committed to continue to be at the forefront of providing the best tertiary education to our students and acting as a catalyst in shaping a bright sustainable future of our students. Foster all- round development of students through multi-faceted education and sustained engagement with local, national and global communities, and nurture lifelong inspired learners from across the globe. GGI creates an ambience in which new ideas and scholarships flourish, and from the leaders and innovators of tomorrow emerge. The college is proud of its well-equipped classrooms, technological resources and integrated curriculum.

LOCATION

GGI nurture a transformative learning environment and a culture of excellence enabling creation of knowledge and development. We always believe in smart campus and smarter thinking. The campus has an exquisite landscape with interwind roads connecting various buildings within it. GGI is situated at the Heart of Haldia, [Port City of Bengal] Purba Midnapur dist., W.B, where we provide the academic and professional guidance to those who are not able to avail the facilities of a metropolitan city like Kolkata. It provides a tranquil surrounding with a backdrop of lush greenery, which on one hand offers an aesthetically pleasing and serene atmosphere, and an intellectually stimulating environment on the other.

MISSION

Propelled by optimism, ingenuity and a sense of social responsibility, we seek to expedite our purposeful impact in the world. The scale and urgency of challenges facing us today in times of pandemic emanate GGI to reach farther and move faster to accelerate our purposeful impact. We proceed with a new way of working that enables us to tackle long standing issues faced by our society and allows us to be nimble when faced with unexpected threats. To achieve innovations in teaching-learning research and extension activities to realise national goals, including the adaption and promotion of knowledge output for human development.

CORE VALUES

The core values adopted by GGI is committed to excellence in all spheres of its activities, and walk towards a continuous advancement. GGI ensures enduring principles like Integrity, Excellence, Transparency and Empathy. Our institute is adhered to the highest standards of ethics in all its activity, by enabling the students to cope with the latest developments in contemporary, national and global dynamics. To build the strongest pillar of our society by delivering affordable, relevant, skill based, remunerative technical education to our new generation inculcating wisdom, creative thoughts, and moral values within them.

ACADEMIC PROGRAMMES

GGI focuses on emerging technologies in teaching and learning practices to ameliorate student understanding and learning aptitude which cover the academic facilities of our students. We have our smart classrooms, e-enabled classrooms. The lectures conducted for every course are there to infuse and develop in the students the analytical, conceptual, presentation, communication and application-oriented skills. GGI gives a tremendous enabling environment which focuses the 'room for the birth of ideas'. The richness of college lies in its well-equipped library which is the 'heart' of an academic institution. Our library is well equipped with journals in print, periodical, proceedings, magazines and local and national dailies both national and international across varied discipline. Besides academics our college impart quality and need based education to sensitize the students to their changing roles in society through awareness raising activities. Courses put forward by our college are as follows

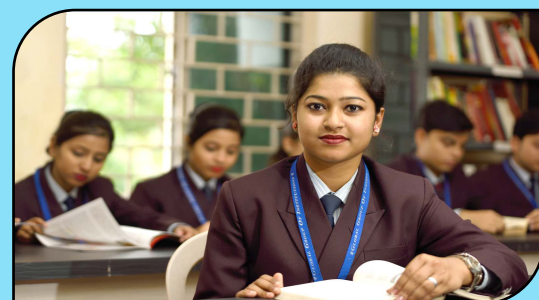

- BBA [Bachelor of Business Administration]
- BCA [Bachelor of Computer Applications]
- BHM [Bachelor of hospitality or hotel management]
- Bachelor in hospital management

CURRICULUM

It is found that curriculum is influenced by psychology and this psychology seeks answers to how curriculum should be organized to reach a student's optimum level. It helps in developing democratic skills and values in students. This promotes the importance of knowledge with its acquisition, modes of education and its scope of determinants of curriculum. Cultural activities among the student community on the campus are promoted through various cultural events namely drama, fashion, fine arts, literary, music, dance. Each programme is synchronized under the supervision of elected students. GGI is aware of the importance of physical activities and organised sports and games programmes with their academic pursuits.

FACULTY

The faculty at an institution is committed to the tripartite mission of teaching, scholarship and service. They are the pillars behind the strong walls of institution. They generate the highest quality of instruction towards the attainment of the goals of institution. GGI constantly seeks better devices, techniques, online technologies, procedures, and methods that hasten the teaching and learning process. We try to develop efficient and equitable procedures for evaluation of student's academic performance and assign grades that reflect the achievement and progress of students enrolled in the courses.

GLOBAL LEADERSHIP

Our students continue to benefit from an inquiry-based education that is student centered and prepares them to think critically independently and creatively. The college motivates moulds and prepares the students for positions of leadership in business at national and international level that builds human relations and enhance exchange values. Global leadership programme teaches students to deeply consider global dynamics and to flourish the skill to effectively participate in the programme of entrepreneurial and professional spheres.

ADVANCED PLACEMENT CELL

We at GGI take pride at the excellent students we nurture. With training and campus placement we also take pride in creating professionals ready for corporate world. We assist in training the students on corporate competencies and placing them in desired industry. Training and Placement cell at GGI is a result of joint effort of institute and the students. We are committed to provide 100% placement assistance and conduct regular employability and skills enhancement programmes. We are proud and honoured to collaborate and catalyse partnership in all sectors, across the country, supporting our internship and placement process. GGI leaves no stone unturned to create a symbiotic and professional association with the corporate sector which helps students to gain profound practical learning experience.

NOTABLE FEATURES

GGI is continuing its education programme for updating the knowledge and skills of students to build up the working professionals towards the growth of our nation's economy. The college has an integrated infrastructure with adequate no. of lecture rooms, IT facilities, library and seminar hall. It provides assurance on giving 100 % placement assistance to the learners. GGI also provides highly skilled experienced faculties, transportation facility, hostel facilities with free WIFI. Overall, the campus is located in a highly spacious area with a pleasurable atmosphere.

FINANCIAL AID

Our organisation is liberal enough to provide scholarship for young aspiring students coming from a poor background. As a social being and carried on with social responsibilities our institution doesn't look forward in taking excess money from students and are enough warm hearted towards new students. GGI inculcates a sense of civic responsibility, social commitment, and moral accountability among the students through various social activities. This encourage and motivate the students to proceed further in their studies with much zeal and enthusiasm.

GOAL STRATEGY

GGI envisions the strategy to achieve the goals and moreover it helps the students to move towards their goals in an effective manner. GGI always acts as a motivator to give the students the desired push so that students are able to achieve their goals and objectives in an effective manner. As GGI is moving towards their goal in a participative and supportive manner. GGI always stands true to the fact that a goal is to be achieved by working in small pieces.

GGI lays a golden pathway for the students so that they can achieve tremendous success in the upcoming days. It is highly perennial.

POTENTIAL MIND MAPPING STRATEGY

GGI focuses on mind mapping strategies. We groom the students and position the students by mapping their mentality. This mapping enables the students to become highly competitive and flexible in this tenacious market.

GGI gives the students enough chances to showcase their skills, abilities and capabilities. GGI taps the psyche of the students to eliminate negative elements from their minds. It shows the roadway to the students to a bright future. GGI provides the students an embarking platform so that the students can act according to their full potential. The market is changing and so are we. The ray of hope that students look in a oasis in GGI. The spark that is needed by the students to get a kick-start is served by GGI in a platter and the catering of the needs and unfulfilled dreams are shown by GGI to the students.

EXPERT SESSION 2020

Digital learning environments are increasingly popular in professional training and higher education. Lectures given by experts at webinar is a great way that enhances offers and introduces diverse teaching methods. Our institution organises various expert sessions supported by live presentation which helps the learners to learn a lot about public speaking, world-wide development required for industries, and other vital information apart from embedded textbooks. The most important fact is that this lectures at webinar are made available on our fb page for everyone's repetitive reference in the future.

ONLINE EDUCATION

Due to COVID-19 crisis, institutions are closed for an uncertain time period, where college and students were not prepared for prolonged campus closures, both face a variety of challenges going forward. The shift to online education has been accelerated by GGI immediately so that students do not face any problem regarding their education and can always remain in connection with their mentors and friends regularly. GGI conducted more than 500 hrs of online classes that started from March, 2020 and continued till December. GGI is also crucial in supporting students using information and communication technology effectively and making the most of new technologies for learning.

AWARDS AND ACHIEVEMENT

GGI makes use of awards and other forms of recognitions for its magnificent performances across. These include certificates, prizes, honours and gifted programme. Awards and recognition are generally intended to encourage and reward good performances. What is the most important about these awards is not the recognition they bring, but what they represent. Being selected as outstanding contributors means we are meeting our goal to provide the best possible services. GGI is proud and honoured to have received number of awards and achievements which boosts towards future excellence.

OUR PHILOSOPHY

GGI will always be on its toes to infuse skills and knowledge to its students, give them exposure and bring them to the forefront of the everchanging tenacious market dynamics. In shining a spotlight on some of the very best success stories, we hope our work can be rolled out and scaled up so that others can benefit from the innovation, creativity and ingenuity on display.

A successful college is one that prepares young people to work responsibly and independently under conditions of uncertainty

THANK YOU
